

# 2023 ANNUAL REPORT

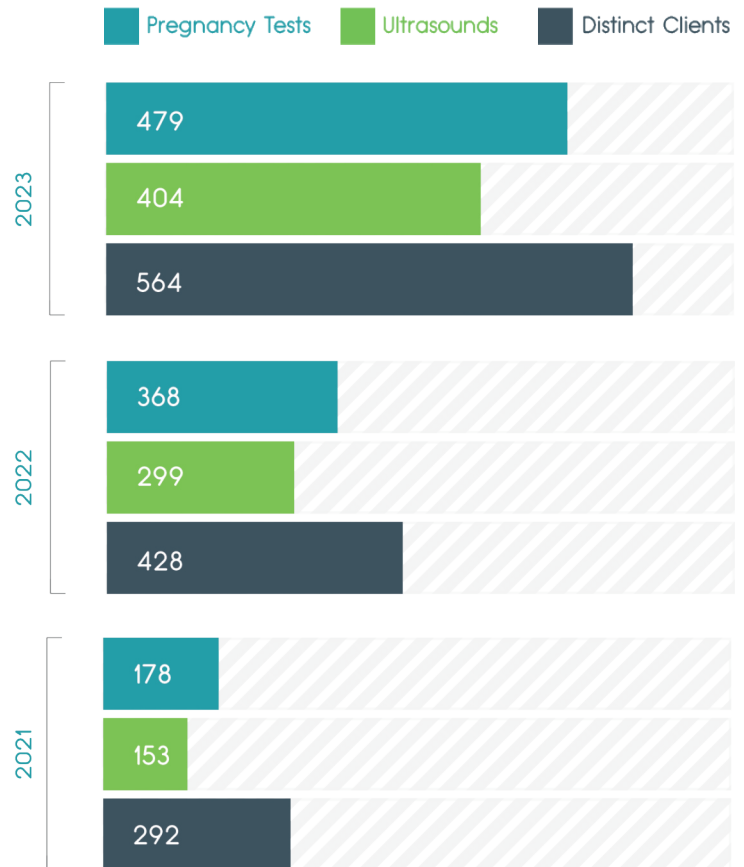

## REASONS FOR CONTACT

**81%** of women coming for ultrasounds are *\*vulnerable for abortion.*

*\*Planning to abort or facing significant challenges and unsure of how to proceed.*

## MEDICAL APPOINTMENTS

### One patient's Google Review:

*"I am so grateful to have found this place! I had the sweetest staff who answered all my questions and explained everything we accomplished during my appointment. I felt comfortable and relaxed during my ultrasound, seeing my little one was amazing. I got to go home with photos and the cutest little onesie. Best of all, everything was FREE. Thank you Alpha Care"*

## CORE VALUES

Reliance on God's Truth:  
in all things, as revealed in Scripture

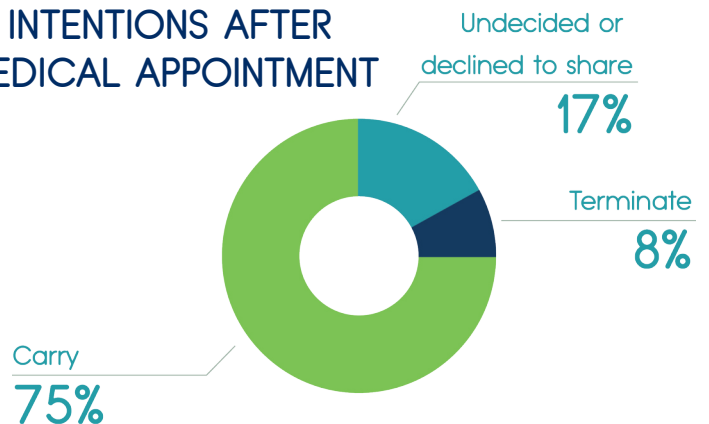

Integrity in Action:  
with clients, colleagues, and community

Affirmation of Life:  
for all persons, born and unborn

Restoration through Christ:  
for the spiritually, emotionally and physically broken

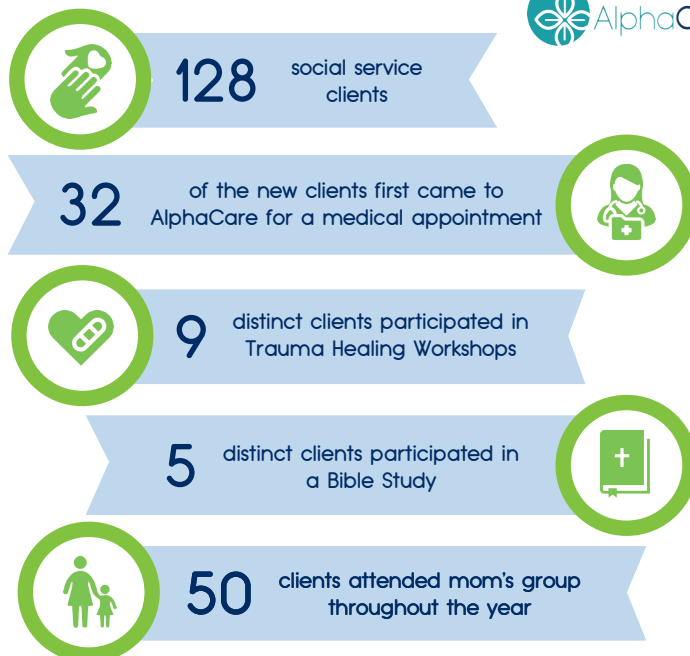

## INTENTIONS AFTER MEDICAL APPOINTMENT

## SOCIAL SERVICES

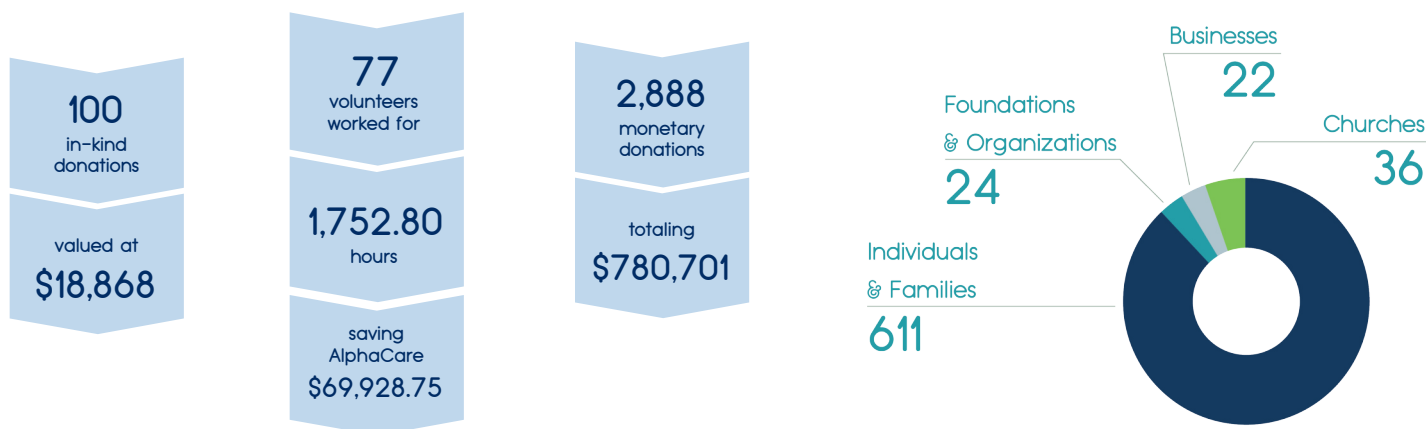

Unplanned pregnancy creates a crisis for women who lack spiritual, emotional, and physical support. Our Social Services Program exists to work with these women in addressing the underlying causes of their crisis and poverty.

**638**  
Total Social Services  
Appointments

## DONORS AND VOLUNTEERS

Facing an unplanned pregnancy most women feel alone. At AlphaCare, women are not alone. And our team is so much bigger than the 14 individuals on staff – it includes everyone who prays, volunteers, and donates. We are tremendously grateful for everyone who partners with us to surround our clients with community, care, and critical resources.

## GENEROSITY ABOUNDS

On March 20, 2023 AlphaCare received our biggest gift yet: our building. Our previous landlords, who are long-time supporters, officially transferred ownership of 3807 Lancaster Ave. to AlphaCare. This incredible gift has given us long term security to continue in ministry. These donors do not wish to be recognized, but please join us in thanking God for them.
